

# Srikanth Yerra Memorial Scholarship

Sri had a charitable heart and wanted to serve in small cities and villages without pay after his schooling was completed. While in Champaign as a student, he served as a volunteer in the local hospital and worked as a research assistant in the laboratory. At Moline High School, Sri was involved in tennis and basketball. He also volunteered at the hospital. An avid student, Sri especially enjoyed his classes in math, science, and geography. His philanthropic spirit also led him to donate blood and work in the Moline Public Library during the summer. His friends and family remember his sense of humor and kind-hearted attitude, especially toward those who were less fortunate than him. In establishing this scholarship in his memory, his family hopes to encourage and inspire another Moline High School student to dream big and achieve goals that may seem impossible.

*"My condolences to Sri's family. I am so saddened by his passing. I was Sri's supervisor at Moline Public Library, and we all agreed he was a pleasant, intelligent, and joyful young man with a brilliant future. Sri's love of people especially children always shone through. What a terrible loss for us all." Barbara Trapp*

Sri was 21 years old when he passed.

## **Srikanth Yerra Memorial Scholarship Criteria**

Graduating Senior from Moline High School

Male/Female

GPA/4 = 3.5

Attending Accredited Institution

Bachelors

Preference/ Art – Music – Writing

Financial Need

One-time award
